

ENG. RASHEED ADNAN AL-WAHBANY

Full-Stack Developer

PROFILE

Full-Stack developer with 2 years of hands-on experience efficiently coding websites and android applications using modern Java, XML, HTML, CSS, JavaScript through efficient website development, recently, I'm a website developer using the Django web framework in Python, proactive feature optimization, and relentless debugging. Very passionate about building state-of-the-art, easy-to-use, user-friendly websites and applications, and I'm confident I would be an excellent developer. I'm adept at using interpersonal abilities to work as part of a team and individually.

Date and place of birth in Yemen, Taiz, Sharaab Al-Rawanah at 1996/11/6

Dear Mr./Ms. HR Manager,

I am writing to express my interest in joining Entilaqa professional training program (Entilaqa-2022). I learned about the opportunity through social media (Facebook), while searching for such training opportunities over the internet. After visiting the HSA website and reading about the Entilaqa program, I have immersed myself in your groundbreaking work in the global industry.

On one hand, it is crucial for me as a fresh Computer Science graduate to pursue additional professional training programs. Therefore, joining such a unique training program like Entilaqa where I can develop and gain new skills by indulging in real-work environments, is a paramount opportunity. Moreover, this program will provide me with the right set of skills I need to advance my career and expand my professional competency in today's hiring market.

On the other hand, receiving professional training from a large and highly ranked company like HAS means that there are more opportunities to develop and grow. Also, I will have the privilege to practice the best practices and learn from people who are experts in their field, which is great for my professional and personal development. Thanks to the breadth of roles available in HSA, where I will be more likely to work in different roles, as well as have more opportunities for promotion.

I would like the opportunity to meet with you and discuss the internship opportunities you have available. Please let me know if you have any questions or would like to know more about my professional journey. You can reach me by email at rasheedalwahbany@gmail.com or by phone at +967-774258832.

Thanks in advance for your time and consideration.

Sincerely,
Rasheed Adnan Al-Wahbany
